#### Notice to all officials

If you have been placed at an event which you know you will be unavailable for please contact Trevor Barrett or Brett Gillow to be reassigned. This year we have a good group of officials so we have tried to spread the workload as much as possible.

On the morning of the first program we will gather prior to competition to go over a couple of points. Good luck everyone.

#### Starters

We will once again be using a pool of starters. Each event has been assigned two starters so you can work it out amongst yourselves and take it in turns who starts and who check starts. Once again we have a good pool of starters so if you are unavailable please let us know.

#### Track Marshall

One person per event stationed at the finish line to make sure each an every race is run fairly and that all parties are ready prior to each event (i.e. Start line, finish line & ticket tent)

#### Track Umpires

Track umpires should be used for all events used on the big track (i.e. 150m up). The Track Marshall should ask the announcer for volunteers and one umpire should be placed on each bend in use.
